Coupon Expires 12-31-2010

**Caregivers like you** play a crucial role in the lives of people with Alzheimer's disease. While being a caregiver can be a rewarding experience, it can also be a difficult one. You need to have an incredible amount of understanding and patience. Your efforts help make the life of your loved one as comfortable as possible. That's why it's important that you take time off for yourself to stay mentally fit and ready to face the challenges.

- Use the coupon above and enjoy a day off courtesy of Alcoeur Gardens.

 Alcoeur Gardens is a home like the home they have always known.

*Alcoeur Gardens is not a big chain, it is a family owned community.*

*Alcoeur Gardens is the preferred alternative to standard institutional care for the memory impaired. We are a warm, intimate community located within residential communities. Alcoeur Gardens is a place where your loved one can enjoy entertainment, nature, friendly staff, good food and find personal peace. Alcoeur Gardens provides sensitive, carefully designed 24-hour care and supervision. Our beautiful interior and grounds create a comfortable and safe environment for your loved one -- like the home they have known all their life. We offer care like the care they gave you.*

*Alcoeur Gardens provides excellent 24-hour care and supervision incorporating the latest in Alzheimer's treatment combined with discreet security systems on all gates, window and doors.*

Our beautiful communities' interior are designed with memory impairment limitations in mind. We offer walking paths, reminiscent artwork, large bathrooms that allow for staff assistance, special furniture, 15 private bedrooms, private areas for family visits, a modern kitchen and plasma entertainment center. Alcoeur Gardens has beautiful gardens, outdoor walking paths, patios, porches and lawns in a secure setting.

Our care includes staffing that exceeds state requirements, including specially trained Certified Nursing Assistants, Registered Nurses and activities staff. We have arrangements with
