a registry and an agency. Registries broker their caregivers and agencies hire their caregivers. The best way to find out is by asking if the caregivers are employees of the company. If they are employees then that is an agency homecare company and that's the one you want. **Right At Home** is an agency.

**2** *Once being discharged from a facility, do I have choices on the homecare company I want to use or do I have to hire the company the facility wants me to use?*  
a. **Simply Put:** It is your choice on who you want in your home. You have the right to interview companies and select the one that will best suit you.

**3** *Are there any homecare companies that bill the insurance companies instead of billing me?*  
a. **Simply Put:** Not many homecare companies bill insurance companies or even take the assignment of benefits but **Right At Home** is proud to say, "Yes we do!". This is a great way to reduce your costs.

**4** *Can I have a caregiver for the weekends only or do I have to pay for some weekdays too?*  
a. **Simply Put:** **Right At Home** allows you to have weekends only. The scheduling for an aide is formulated by the help you need and not what's easier for the company.

**5** *Do I have to pay extra for an English speaking caregiver?*  
a. **Simply Put:** No.

**6** *Can I have a caregiver drive and do errands for me?*  
a. **Simply Put:** Yes! All of our hourly caregivers have a valid NJ driver's license and can drive you to doctor appointments, shopping, etc.

**7** *What type of screening do you use when hiring caregivers and are they insured and bonded?*  
a. **Simply Put:** We do criminal and medical background checks, pre-employment

assessment exams as well as in-house training through **Right At Home** University.

**8** *Can I get a couple of hours in the morning and a couple of hours at night 1 or 2 times a week or does that not exist?*  
a. **Simply Put:** Yes it exists. We accommodate your schedule to your needs. We can do anything from a couple of hours to 24/7 live-in.

**9** *Are live-in caregivers the same price for weekends as they are for weekdays?*  
a. **Simply Put:** Yes! No extra charge to have a live-in on the weekends.

**Right At Home** on an international, national and local level has been focusing on how to make it simpler for you and your family. There are so many concerns families face and the last thing you need to worry about is the level of care you are receiving. By being able to answer the above questions with the answers you want to hear, you can clearly see **Right At Home** has your best interests at heart.

*"I feel it's important for consumers to know as much as possible so they can make an educated decision rather than an injudicious one. We're dealing with our loved one's wellness and safety. This is not to be taken frivolously."*

- Bernie Branz,  
Marketing Director
