

Shop Sexy Summer Dresses And Jeans At Barbara's Boutique

WRITTEN BY: LYNN WOLF

Finally... summer has arrived and any of your lifestyle clothing needs, whether for travel, work, home, yoga, or dinners by the beach can be found at Barbara's Boutique.

Wearing the right summer dress can make a bold style statement this summer. There is a summer dress for every woman and the styles include being sleeveless and short sleeved. The black and white eyelet cotton dress from Magaschoni is fun and comfortable to wear at the beach or a summer evening out.

Exploring Barbara's Boutique is as exciting as looking for Cape May Diamonds at Sunset Beach! You can find comfortable, fun and flirty skirts by Dolezza; matching classic tops by Donna Degnan and baby doll cashmere sweaters by Minnie Rose to complete the ensemble. The collection by Donna Degnan is a modern take on fashion that caters to a woman's attitude rather than a particular age.

For those that need the perfect traveling garments, you need to try on the yoga wear by Neon Buddha with a matching large button jacket. This season's Go Green Collection inspires us as members of the global community to give back. 1% of all

sales of each garment will be donated to various projects to make the world a better place. All the garments are 100% preshrunk cotton blends and designed in Canada.

Recently, I purchased a pair of yoga jeans to wear on an eight hour car trip. They were sensational! The fabric is incredibly soft and comfortable. They mold to your body and the contoured waistband ensures a flattening fit without feeling tugged or too snug. It must be the premium Italian and Japanese Denim that allows for the luxurious feel of the fabric. They are easy care and wash and dry beautifully. You must try on a pair to understand the fit and comfort of these jeans.

In addition to the yoga jeans, Barbara's also carries Oprah's popular "Best Jeans". These jeans are designed for the curvy fit women who don't fall into the standard, slim cut of premium jeans. The other fabulous jeans are the Christopher Blue Jeans, for women who like to dress appropriately with comfort and body confidence, and the amazing Cambio Jeans, which are a unique combination of excellent fit, quality fabric, and sophisticated style.

The high quality Italian leather **Il Bisonte** handbags, from the heart of Florence, have arrived at Barbara's Boutique. Il Bisonte produces its leather using cowhide in a factory in Santa Croce Sull'arno, a small town near Florence. The leather gets more beautiful as it ages, and the colors and textures become more supple and subtle over time. With stores around

the world, the feel of Il Bisonte's handbags and accessories feel like they could last forever, and more importantly you would want them too. Bright colors, lightweight materials and design versatility characterize **Il Bisonte's** Spring/Summer 2010 bags and accessories collection. When travelling, **Il Bisonte** offers extremely useful little handbags and shoulder briefcases with many large zippers. These timeless items develop a beautiful luster because they are made of the finest "Vacchetta" leather.

This is the perfect time to make an investment in a handbag that you will value and enjoy for a very long time.
